

(a) Prompt: "The glass tilts slightly to the right, then returns to its original position, repeating this process. The bottle maintains its shape and position throughout, while the stars gradually disappear."

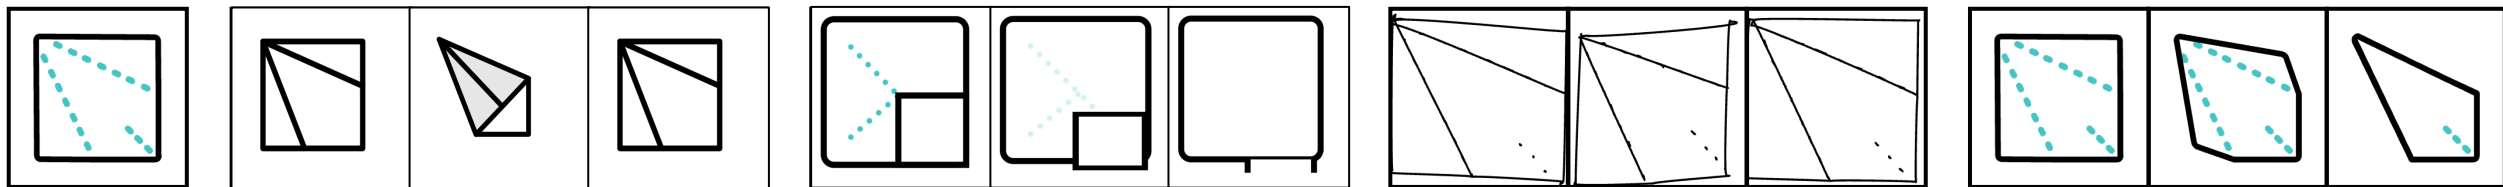

(b) Prompt: "A toucan icon with a large beak flaps its left wing slightly up and down."

(c) Prompt: "A computer monitor with a phone on top has three blue horizontal bars on its screen that move up and down in a repeating cycle, one after another, like a scrolling effect."

(d) Prompt: "Fold the square inward along the dotted line."
